PC in a dedicated slot on the back of the monitor for a cable-free desk.

Features:

- **Versatile Compatibility:** Mount last-gen Tiny PCs easily and quickly with the classic installation mechanism.
- **Enhanced VoIP Experience:** Features a 1080p RGB webcam and integrated noise-cancellation microphone for exceptionally clear audio and video during online meetings.
- **Smart Traffic Light Indicator:** Alerts others to ongoing meetings, helping you stay focused.
- **Superior Audio:** Two built-in 3W speakers ensure clear and crisp audio for all your meetings.
- **Privacy Control:** The ThinkShutter allows you to cover the camera when not in use, ensuring your privacy.
- **Connectivity:** Easily connect to notebooks and towers via HDMI and DisplayPort, and to other peripherals via USB ports.
- **Customization:** Use ThinkColour software to customize screen attributes, create screen profiles, and switch between them as needed.
- **Eye Protection:** Natural Low Blue Light technology protects your eyes from harmful blue light without color distortion during long hours of screen time.

The TIO 22 Gen 5 offers green packaging and an optional CO2 offset service for minimal carbon emission. It's the perfect solution for a clean, clutter-free setup that maximizes productivity and delivers an efficient, all-in-one experience.

monitor makes it compatible with Lenovo's range of high-performance ThinkCentre and ThinkStation Tiny Computers from 4th Gen, and gives a complete working experience when paired with its VoIP features. This can be installed on your monitor effortlessly and housed on the back of the monitor in a dedicated slot, making your desk cable-free. The classic installation mechanism ensures you have a consistent experience, allowing you to easily and quickly mount last-gen Tiny PCs on the monitor. Designed to be a powerful VoIP machine, this monitor is enhanced with features that make video conferencing a great experience. During online meetings, the 1080p RGB webcam and integrated noise-cancellation microphone produce exceptionally clear audio and video. TIO 22 Gen 5 also has a Smart Traffic Light indicator that alerts everyone in the vicinity to an ongoing meeting, letting you remain focused. If remaining focused and staying in the conversation is of importance to you, then the two built-in 3W speakers ensure that the audio from meetings is always clear and crisp. Easily manage VoIP calls with one toggle to change the volume or mute the call using the dedicated VoIP buttons. Your privacy is in your hands with the ThinkShutter, which allows you to cover the camera when not in its use. Lenovo takes care of the environment with green packaging and optional CO2 offset service for zero to minimal carbon emission. In addition to Tiny PCs, this monitor can also be easily connected to other notebooks, towers using the HDMI and DP ports, and to other peripherals using the USB ports. With the ThinkColour software¹, customize the screen's attributes, create screen profiles, and easily switch between them as per your work preference. Protects your eyes from harmful blue light without any color distortion during long hours of screen time with the Natural Low Blue Light technology. The TIO 22 Gen 5 is the perfect option if you're looking for a clean and clutter-free setup to maximize productivity and enjoy an efficient, all-in-one experience.
