- **Simple Connectivity:** Easy setup with a single USB Type-C™ cable; ports on both sides for convenience.
- **Power Delivery:** Supports up to 45W power delivery, charging both the monitor and your connected laptop simultaneously with a USB-C™ charger.
- **Portable Design:** Create your ideal work environment on the go with its scalability and portability.
- **Optimized Control:** Easily manage display settings, split the screen, adjust monitor options, and utilize video call functions with the LG Switch App.

LG is a globally recognized company known for its innovative technology and high-quality products. The LG gram +view monitor continues this tradition, offering a blend of portability and performance to enhance your productivity.

Order today from ++SHOP++ as we offer the best prices and fast delivery.

Expand, Widen and Boost your gram

+view for LG gram is a portable monitor that can provide a wider view with a seamless match with LG gram. Increase your productivity with this ideal setting.

It Only Takes a Cable

You can easily set up a dual monitor with a USB Type-C™ connection. Even better, the USB Type-C™ ports are on both sides.

Power Delivery Up to 45W

With a USB-C™ charger, you can simultaneously power up +view for gram while charging the connected laptop (Up to 45W).

Scalability and Portability for Boosting Work Efficiently

Complete your own work environment wherever you are.

Easily Manage and Control the Display

You can customize the workspace by splitting the display or adjusting basic monitor options, video call options, and various functions with LG Switch App.
