components with integrated discrete Trusted Platform Module (dTPM), the added security of Windows 11, Microsoft 11 Secured-core PC enablement, and up to the Intel vPro® platform deliver protection from every angle.

### **Stay online, wherever & whenever**

Like a smartphone, the ThinkPad L15 Gen 4 laptop offers optional 4G LTE WWAN\* connectivity, as well as speedy WiFi 6E\*\* coverage. It also features Dolby® Voice AI-based noise suppression, and when combined with the optional FHD camera, videoconferencing will seem like you're all in the same room.

\* Optional WWAN availability varies by region and must be configured at time of purchase; it requires a network service provider.

\*\* 6GHz WiFi 6E operation is dependent on the support of the operating system, routers/APs/gateways that support WiFi 6E, along with the regional regulatory certifications and spectrum allocation.

### **Designed to improve collaboration**

L series also offers, via Lenovo View 3.0, image processing & advanced computer vision framework that enhances camera quality. We can exchange the the 2 pictures below, as the video call image relates to the topic I am mentioning.

### **Takes reliability to the next level**

We use the US Department of Defense's MIL-STD 810H standards to create a balance of reliability and durability for our ThinkPad laptops. We test against 12 standards and more than 200 quality checks to ensure they run in extreme conditions. These tests cover harsh variables like Arctic wilderness and desert dust storms, including temperature, pressure, humidity, vibration, and more.

Specifications may vary depending upon region / model.
