The Lenovo ThinkPad T14 Gen 6 laptop empowers you to work smarter as one of the first AI PCs launching on familiar Windows 11 Pro with Next-Generation AMD Ryzen™ AI 7 PRO 360. A neural processing unit (NPU) capable of 50 trillion operations per second (TOPS) offloads heavy tasks to an AI engine, boosting performance, the system's efficiency, and your productivity. Free updates to Copilot+ PC experiences are available when ready, timing may vary by device and region.

Limitless Creative Vision

Experience the next level of visual excellence with smooth, speedy rendering of every pixel. Crafted to handle demanding content creation workloads with ease, the next-gen AMD Radeon™ graphics empower professionals to unleash creativity without compromise.

Redefined Efficiency

Thanks to the built-in power-efficient Next-Generation AMD Ryzen™ AI 7 PRO 360 processors, you'll enjoy groundbreaking performance at lower power consumption, so you can keep working without interruption. Multitask like a pro and enjoy exceptional extended battery life that keeps up with you on your busiest days.

Always On, Always Ahead

The ThinkPad T14s Gen 6 powerhouse takes connectivity to new heights. Experience blazing fast internet speeds with WiFi 7 and Bluetooth® device pairing that keeps you in sync, whether you're collaborating with co-workers or streaming media. You'll appreciate world-class security, stability, and reliability when you need it most!

Protected Data, Preserved Privacy

The T14s Gen 6 laptop is equipped with ThinkShield, our advanced security suite that safeguards your data and your device with encryption. From the fingerprint reader integrated with the power button to zero-touch login with the infrared camera, you can enjoy seamless, secure access. And, there's a webcam privacy shutter for added protection.
