and elevate your remote or hybrid work experience.

Features:

- **Amplify Productivity:** Copilot+ uses advanced AI capabilities for real-time suggestions, process automation, and personalized insights.
- **Enhanced Security:** ThinkShield security solutions offer multilevel protection, including a Discrete Trusted Platform Module for encrypting critical data.
- **Biometric Login:** Securely log in with a fingerprint reader and facial recognition via the infrared camera.
- **Durability:** Meets US Department of Defense MIL-STD-810H standards, ensuring reliability in extreme conditions.
- **Sustainable Design:** Industry-leading labels and certifications demonstrate a commitment to sustainability in product design.

The ThinkPad T16 Gen 4 features multilevel protection with ThinkShield security solutions. A Discrete Trusted Platform Module encrypts your critical data, and biometrics provide secure login with a fingerprint reader and facial recognition via the infrared camera. Enjoy AI-enhanced threat detection and defense, even below the OS.

We use the US Department of Defense MIL-STD-810H for a balance of reliability and durability in ThinkPad laptops. Meeting or exceeding 12 standards, 26 procedures, and 200+ quality checks ensure these devices run in extreme conditions, including harsh variables like Arctic wilderness, desert dust storms, extreme temperatures, pressure, vibration, and more.

Lenovo is a global technology leader renowned for innovation and quality in the PC and smart devices market.
