The Lenovo ThinkBook 14 G8 IRL is engineered for the modern professional, blending high-end performance with a sleek, highly portable design. Featuring a durable dual-tone arctic grey chassis, this 14-inch notebook provides the power required for intensive multitasking while maintaining a lightweight profile (just 1.36 kg), making it the ideal companion for professionals on the move. This model adheres to high environmental standards, including TCO Certified Notebooks and EPEAT Gold certification.

Unmatched Speed and Efficiency

Experience a significant boost in productivity thanks to the refreshed Intel Core 7 240H processor. This powerful 10-core CPU, designed for efficiency, is backed by a large 24 MB cache and 16 GB of cutting-edge DDR5 RAM (expandable up to 64GB). This combination ensures the device seamlessly handles demanding applications, large datasets, and complex multitasking. The integrated Intel Graphics further enhance rendering speeds and power efficiency. Storage is lightning-fast and reliable with a 512 GB NVMe SSD.

Stunning Visuals and Immersive Audio

The display is optimized for both work and media consumption, delivering sharp, vibrant imagery and engaging audio:

- 14-inch WUXGA display (1920 x 1200 resolution) featuring a productive 16:10 aspect ratio.
- IPS technology delivering vibrant colours and wide 178-degree viewing angles.
- 300 nits brightness ensures comfortable viewing in various office and outdoor lighting conditions.
- Immersive audio experience enhanced by integrated Dolby Audio technology.
- Integrated FHD 1080p webcam with a physical privacy shutter, perfect for secure video conferencing.

Connectivity and Security Built for Business

Connectivity options are comprehensive, designed to keep you connected and productive anywhere. This includes ultra-fast 802.11a/b/g/n/ac/ax (Wi-Fi 6E), Bluetooth 5.3, and Gigabit Ethernet for stable networking. Security is paramount, with built-in features designed to protect your sensitive data:

- Firmware Trusted Platform Module (TPM 2.0) Security Chip for hardware-based encryption.

ThinkBook 14 G8 IRL

Powered by the refreshed Intel® Core™ processor, the ThinkBook 14 Gen 8 IRL brings a notable boost in performance and efficiency. The integrated Intel Graphics enhance rendering speeds, streamline multitasking and deliver optimized power for demanding applications. Its up to 60Wh battery, up to 64GB memory and up to 2TB of storage simplify managing large datasets, design files, or media libraries eliminating the need for external drives. Thin, lightweight, and portable, this is the ideal choice for business professionals on the move.

The Lenovo ThinkBook 14 G8 IRL blends productivity and portability with its compact 14-inch design, featuring a native resolution of 1920 x 1200 to deliver sharp visuals. It employs IPS technology with Dolby Audio for an immersive audio experience. With a combination of a powerful Core 7 processor, 10-core design, and integrated Intel Graphics, this notebook efficiently handles multitasking and demanding applications. The 24 MB cache memory and DDR5 RAM technology enhance its performance further, ensuring seamless operation for various tasks. The ThinkBook is geared for modern professionals, featuring a built-in webcam with a privacy shutter and a fingerprint reader for security, making it a reliable choice for daily use.
