- **Adjustable Height:** Features three selectable height positions for optimal screen placement.
- **Robust Construction:** Made with a sturdy steel frame and powder-coated finish, supporting displays up to 40 kg.
- **Swivel Function:** Offers $\pm 35^\circ$ rotation to adjust the viewing angle.
- **Integrated Cable Management:** Keeps cables organized and hidden for a clean, professional look.
- **VESA Compatibility:** Supports VESA standards from 200 x 200 to 600 x 400 mm, ensuring wide compatibility with various screen sizes.

The InLine stand is constructed from durable steel and plastic, featuring a sleek black finish with a finely textured, powder-coated column. Suitable for screen sizes from 37" to 70" (94 to 178 cm), this stand ensures stability and durability even with continuous use in conference rooms, exhibitions, or training centers.

InLine is a trusted name in providing high-quality IT and electronic accessories, designed to enhance your digital lifestyle with reliable and innovative products.

Easy installation without drilling: The stand can be set up without wall mounting and is ready for immediate use—ideal for flexible locations.

Flexible height adjustment: Three selectable positions allow the screen height to be precisely adjusted to different room layouts.

Sturdy steel construction: The robust design with powder-coated surface safely and reliably supports displays weighing up to 40 kg.

Swivel tilt range: With $\pm 35^\circ$ rotation, the optimal viewing angle can be quickly adjusted.

Integrated cable management: Concealed cable routing ensures a neat, professional appearance in any environment.

The InLine® TV stand offers a stable and flexible solution for presenting LED, LCD, and curved displays. The stand can be assembled without drilling, making it particularly suitable for rooms where wall mounting is not possible or desired. The triple height adjustment on the brackets allows for precise adjustment to different screen sizes and room heights.

With a load capacity of up to 40 kg and compatibility with VESA standards from 200 x 200 to 600 x

400 mm, the stand is extremely versatile. The solid steel frame with a finely structured, powder-coated surface ensures stability and durability—even in intensive continuous use, such as in conference, exhibition, or training rooms.

The integrated cable management in the column ensures a clean appearance and protects cables from damage. The $\pm 35^\circ$ swivel screen area allows for optimal viewing of the display from different positions. With its modern, minimalist design, the InLine® TV stand blends harmoniously into professional environments and underlines the high-quality standards of modern media technology.
