Featuring a robust VA (Vertical Alignment) panel, the monitor provides vibrant colors and wide viewing angles (178°/178°), making the image clear from almost any position. The 100Hz refresh rate reduces motion blur compared to standard 60Hz monitors, while the quick 1ms MPRT (Moving Picture Response Time) ensures that fast-moving scenes are rendered sharply and clearly.

Optimized for Comfort and Modern Design

The sleek, 3-side frameless design not only looks modern but also minimizes visual barriers, making it ideal for immersive single-screen use or seamless multi-monitor setups. Furthermore, the monitor prioritizes user comfort by integrating essential eye protection features, allowing for longer working or viewing sessions without strain.

- 23.8 inch Full HD (1920 x 1080) VA panel for excellent contrast and wide viewing angles.
- 100Hz Refresh Rate and Adaptive Sync support, ensuring highly fluid graphics without screen tearing or stuttering.
- Eye comfort technologies, including Low Blue Light mode and Flicker-Free backlighting, minimize eye strain during long sessions.
- 3-side frameless design for an immersive viewing experience and seamless multi-monitor setups.
- Connectivity options include HDMI 1.4 and D-SUB (VGA).
- VESA mounting compatibility for flexible placement.

AOC is a trusted global leader in display technology, committed to providing high-performance, quality monitors designed for various professional and personal needs.
