Philips 24E1N1200A 24" Full HD IPS Monitor (1000 Series)

The Philips 24E1N1200A desktop monitor is engineered to deliver clarity and vibrant colours for both productivity and entertainment. Featuring a 24-inch IPS panel and Full HD resolution (1920 x 1080), this monitor ensures crystal-clear visual performance. Thanks to the IPS technology, you benefit from exceptionally wide 178-degree viewing angles, maintaining image quality and colour consistency regardless of where you are viewing from.

Superior Visual Performance and Colour Accuracy

This display offers excellent colour representation and dynamic contrast ratios, enhancing your viewing experience whether you are editing photos, watching movies, or handling standard office tasks. The monitor boasts an impressive sRGB gamut coverage of 102.66% (CIE 1931).

- **Panel Type:** IPS technology for wide viewing angles (178° H/V).
- **Native Resolution:** Full HD (1920 x 1080p).
- **Brightness and Contrast:** 250 cd/m² brightness with a sharp 1300:1 contrast ratio (Mega Infinity Dynamic Contrast Ratio supported via SmartContrast).
- **Colour Support:** 16.7 million colours, ensuring accurate visuals.

Smooth Motion and Fast Response Time

Enjoy smoother video playback and sharper motion thanks to the enhanced refresh rate and rapid response time. At 100 Hz, motion blur is reduced compared to standard 60 Hz displays. Furthermore, the monitor features a quick 1 ms MPRT (Moving Picture Response Time) feature, making it highly suitable for action-packed video content and casual gaming.

Comfort Features for Long-Term Use

Designed for user comfort during extended working hours, the Philips 24E1N1200A incorporates advanced eye care technologies certified by TUV Bauart standards.

- **LowBlue Mode:** Reduces harmful shortwave blue light, minimizing eye strain.
- **Flicker-Free Technology:** Regulates brightness to reduce visible screen flicker.
- **Anti-Glare Screen Coating:** 3H Hard Coating (Haze 25%) prevents disruptive reflections and glare.

Connectivity and Design

The monitor provides flexible connectivity options to easily link up various modern and legacy devices. Its robust design allows for tilt adjustments, helping you find the perfect viewing angle.

- **Inputs:** HDMI, DisplayPort, and VGA (D-Sub).
- **Adjustments:** Display Position Adjustments including Tilt.
- **Standards:** Compliant with multiple environmental and safety standards including RoHS, Mercury-free, CB, and HDCP 1.4.
