Gain a clear advantage over your competitors with the LG 24GS50F-B gaming monitor. Designed for high-speed performance, this 23.7-inch Full HD (1920x1080) display features a high refresh rate and ultra-low response time, ensuring every movement is captured smoothly and clearly, helping you react faster than the opposition.

## Unmatched Speed and Responsiveness

Speed is critical in competitive gaming, and this monitor delivers exceptional performance right from the start. Experience ultra-clear and smooth gameplay thanks to technology built for competitive environments.

- **180Hz Refresh Rate:** Redefine your game with a blazing-fast 180Hz refresh rate, loading images 180 times every second. This ensures motion is captured flawlessly, giving you a competitive edge.
- **1ms Motion Blur Reduction (MBR):** By utilizing the 1ms MBR feature, you minimize ghosting and motion blur, allowing you to clearly spot fast-moving actions and opponents instantly.

## Optimized Visuals with HDR10 and FreeSync

The LG 24GS50F-B is equipped with visual technologies that enhance detail, color depth, and fluidity. The VA panel technology provides a deep 3000:1 contrast ratio, ensuring rich blacks and bright whites.

- **HDR10 Compatibility:** Enjoy the latest games and videos as intended by creators. HDR10 supports High Dynamic Range, revealing more detail in the brightest highlights and darkest shadows of the image.
- **AMD FreeSync™:** Experience virtually seamless, fluid movement in fast-paced games. AMD FreeSync minimizes screen tearing, stuttering, and input lag, synchronizing the monitor's refresh rate with your graphics card.
- **Advanced Gaming Features:** Enhance visibility and accuracy with built-in features like Black Stabilizer, Crosshair, and Dynamic Action Sync (DAS Mode).

## Immersive and Ergonomic Design
