Pagrindinės savybės

- ✓ Bevielis
- ✓ Ethernet LAN jungtis 10,100,1000 Mbit/s
- ✓ Kabelio spynos lizdas

Aprašymas

Introducing Dell's new wireless docking solution for laptops, ultrabooks™ and 2-in-1's with 5th generation Intel® Core™ vPro™ processors enabled with Intel® Tri-Band Wireless-AC 17265 for a desktop free of wires.

Seamless wireless docking

The Dell Wireless Dock provides seamless high-speed wireless docking to your network through Intel® WiGig technology powering up to two external displays, keyboard, mouse, audio and other peripherals.

Convenient connections

Simply connect all the devices and peripherals you use every day to the Dell Wireless Dock and your laptop will communicate wirelessly with the dock. With two USB ports in front and three USB ports in back, the dock unites everything conveniently in one place for your wireless desktop.

Increase at the desk productivity

Work more efficiently and increase productivity with two external displays and all the devices on your desktop. The Dell Wireless Dock supports VGA, HDMI and mDP for up to two displays

WiGig high speed

Using Intel WiGig technology, the Dell Wireless Dock enables higher data transfer rates upto 4.6Ghz-higher than Wifi AC certified products.

Secure communication

Work confidently knowing your files are protected with data encryption and strong authentication protocols IEEE802.11 and current WLAN technologies.

Easy presentation connectivity

Simplify access to presentation and collaboration tools in your meeting rooms and classrooms with fast, reliable connectivity to projectors and other compatible equipment.

Collaboration

When you collaborate on Skype, Lync or other communications tools you'll benefit from the Dell Wireless Dock's front audio in/out port for voice over IP.

Techninė specifikacija

Ryšys
