Aprašymas

USB microphone with standout style and sound.
Featuring an elegant design, a low-profile shock mount, and a tasteful RGB light ring, the HyperX DuoCast is a full-featured USB microphone that’s built for gaming, working, and content creation. It shares the fan-favorite features of its HyperX mic siblings, such as tap-to-mute, and the vibrant LED mic mute indicator, but also brings its own unique, subtle style. A lowprofile shock mount complements the sleek, minimalist aesthetic, while also absorbing vibrations, and taking up less space. An included mount adapter allows for compability with most mounts and the versatile DuoCast is also compatible with PC, PS5™, PS4™, and Mac®. Use HyperX NGENUITY Software and customize the RGB light ring to broadcast your own signature style.

Customizable RGB light ring

The tasteful RGB light ring gives the DuoCast a touch of vibrant RGB style with 2 customizable zones. Built for gaming, but professional enough to handle business.

Low-profile shock mount

Form and function: The sleek, minimalist design also contains a shock mount to reduce the pickup of unwanted rumble and vibrations.

Hi-Res 24-bit/96kHz recording

Capture accurate, low-noise recordings with the DuoCast’s high bit depth and sampling rate.

Tap-to-Mute sensor & gain control adjustment

Convenient tap-to-mute functionality and an easy-to-use gain control adjustment knob let you take control of your broadcast sound.

Techninė specifikacija

Microphone	
Type	Game console microphone
Microphone input impedance	32 Ω
Bit rate	24 bit
Sample rate	96 kHz
Ports & interfaces	
Connectivity technology	Wired
Device interface	USB
Performance	
Product colour	Black
