Pagrindinės savybės

- ✓ Plug and click to instantly share your screen
- ✓ Side-by-side view of multiple shared screens
- ✓ Broadcast large display to connected devices
- ✓ Designed for notebooks with USB-C
- ✓ No additional software required

Aprašymas

Share your screen with a single click on BenQ displays

Sharing content without limits while sitting anywhere in the room is only a click away. Designed to enable wireless screen sharing without needing to download software on your notebook, the InstaShare Button eliminates the fuss of passing around cables so everyone can fully focus on the discussion.

Seamless content sharing for all notebooks

Wirelessly share content with everyone in the room no matter what notebook you're using. The InstaShare Button Solution is compatible with Windows, macOS, and Chrome OS laptops.

Convenient connectivity

The USB Type-C connector enables a one-cable plug-and-play solution that works seamlessly with Windows notebooks, MacBooks, and Chromebooks. Just plug the InstaShare Button in and start sharing content with a single click.

Get everyone involved

Get a side-by-side view of everyone's contributions. The InstaShare Button Solution works with InstaShare 2, a wireless screen sharing software that lets up to 9 devices cast content simultaneously on a BenQ display. With touchback, devices can be controlled right from the display.

Industry-leading connection quality

Enjoy smooth discussions and presentations without disruptions. The InstaShare Button Solution features industry-leading connection quality to ensure stable screen sharing for everyone in the room.

Techninė specifikacija

Specifications	
Sandėlio grupė	Notebook > Dockingstations/Hubs [+1366][-13]
Features	
Product type	Transmitter module
