## NEC MultiSync EA241F-BK 24-inch LED Monitor

The NEC MultiSync EA241F-BK is a high-performance 24-inch monitor designed for professional use. Featuring ControlSync technology, it allows seamless control of up to six MultiSync EA Series units in a multi-monitor setup. By designating one unit as the master, you can simultaneously manage performance attributes across the entire configuration.

### Features:

- **ControlSync Technology:** Easily manage up to six monitors in a multi-display setup, adjusting settings from a single master monitor.

### Multiple Monitor Technologies

The ground breaking ControlSync technology allows users to control up to six select MultiSync EA Series units in a multi-monitor configuration. Upon establishing one unit as the master, you will be able to simultaneously control many performance attributes of the multimonitor setup through the master monitor. ControlSync enables multi-monitor setups of up to six monitors and controls up to 26 settings.

In addition, ultra narrow bezels reduce the gap between displays and reduce distractions.

Select models feature DisplayPort in and out connections, allowing multiple monitors connected to a single source output

### Comprehensive Input Panel

DisplayPort, HDMI, DVI-D\* and 15-pin VGA\*, as well as USB hubs connect you to the latest peripherals and future-proofs your investment. The USB Type-C input provides video, audio, data and power all through one cable, simplifying connections to mobile devices.
