# LENOVO ThinkVision P27h-30: The Professional QHD Docking Monitor

Designed for high performers and dedicated multitaskers, the Lenovo ThinkVision P27h-30 monitor delivers exceptional visual clarity and streamlined workflow management. This 27-inch display features sharp 2560 x 1440 QHD resolution and premium In-Plane Switching (IPS) technology, ensuring precise, vibrant images across wide 178-degree viewing angles.

The sleek, 4-side borderless design maximizes screen space, providing an immersive visual experience perfect for professional design, data analysis, and demanding creative tasks.

## Unmatched Color Precision and Visual Comfort

The ThinkVision P27h-30 excels in color fidelity, making it an ideal choice for color-critical work. It offers superb coverage, including 99% sRGB, 95% DCI-P3, and 99% BT.709, paired with an excellent average color accuracy of Delta E2. Support for HDR10 further enhances contrast and detail, bringing content to life.

Prioritizing user well-being, this monitor features Natural Low Blue Light technology and is certified by TUV Rheinland Eye Comfort and Eyesafe Display standards. This technology reduces harmful blue light emissions without distorting colors, ensuring a relaxed and strain-free viewing experience during long working hours.

## Ultimate Connectivity and Docking Solution

Transform your workspace into a clutter-free productivity hub with the powerful, integrated USB-C docking station. A single USB-C cable handles video transmission, data transfer (USB 3.2 Gen 1 Hub), Ethernet connectivity, and provides up to 100 W of power charging to your connected laptop or device. The versatile port selection also includes HDMI and DisplayPort inputs.

## Productivity Enhancers and Ergonomics

Boost your productivity with advanced features that allow seamless multitasking. The P27h-30 supports daisy chaining via DisplayPort output, enabling the connection of multiple screens for

expanded desktop space. Furthermore, the monitor includes built-in functions to optimize how you view multiple sources:

- **PiP (Picture-in-Picture) and PbP (Picture-by-Picture):** View output from two different sources simultaneously on the screen.
- **KVM Switch:** Use a single keyboard and mouse to control two connected PCs.
- **Fully Adjustable Stand:** Achieve perfect ergonomics with full control over height, pivot (rotation), swivel, and tilt adjustments.
- **Anti-Glare Coating:** Reduces reflections in brightly lit environments.

**LENOVO** is a globally recognized technology leader known for innovation in personal computing, smart devices, and high-performance displays like the professional ThinkVision series, offering reliability and cutting-edge features.

Perfect for high performers and multitaskers, the Lenovo ThinkVision P27h-30 Monitor is simply brilliant any which way you look at it. Its 27-inch 2560 x 1440 QHD resolution IPS display provides sharp, precise images with wide-viewing angles. Its 4-side borderless design gives you a sleek, large screen with an excellent contrast ratio. The ThinkVision P27h-30 makes for a dynamic, vibrant visual experience and offers 99% sRGB, 95% DCI-P3 and 99% BT. 709; together with Avg. Delta E2 color accuracy. Not just that, the monitor also supports HDR10 for enhanced viewing experiences. Features like the Natural Low Blue Light technology and a fully adjustable stand help you get a relaxed ergonomics and a strain-free viewing experience without color distortion. Its one-cable connectivity gives you an efficient USB-C docking station-based clutter-free system. It allows you to multi task by seamlessly plugging in multiple devices, including multiple screens with daisy chain (DP output), Ethernet connectivity, power charging (up to 100 W) and more, in addition to boosting productivity with PiP (picture in picture), PbP (picture by picture) and KVM (keyboard, video, mouse) switch. A brilliant performer and an effortless multitasker, the ThinkVision P27h-30 monitor is just like you, in more ways than one.
