- **Daisy Chaining Capability:** Expand your screen space by daisy chaining up to 2 monitors with 4-sided ultra-thin bezels, creating a seamless multi-monitor setup.
- **Simplified Connectivity:** Level up your productivity with easy connections to any compatible device using the integrated USB hub.
- **Lenovo Display Fleet Manager:** Empower IT administrators with remote asset management and full control of your monitors using LDFM.
- **Lenovo Accessory and Display Manager:** Optimize your displays remotely for work, entertainment, or any use case with Lenovo ThinkColour (formerly Lenovo Display Control Center), supporting Windows 10 & 11, and Mac OS (functions vary across systems).
- **Exceptional Ergonomic Comfort:** Lift, tilt, pivot, and swivel the monitor to perfectly suit your preferred seating position with its full-function LTPS stand.

Lenovo is a global technology leader known for innovation and quality in PCs, smart devices, and data center solutions. The ThinkVision series represents Lenovo's commitment to providing high-performance monitors for professional use.

Order today from ++SHOP++ as we offer the best...

Take your productivity and visual experience to a new height with the QHD resolution and factory calibrated 98% DCI-P3 color space coverage. Enjoy energy savings and visuals comfort with the world's first 24-120Hz variable refresh rate monitor while protecting your eyes from fatigue with its Eye Comfort 5-Star certification.

Daisy Chaining Capability

Get the experience of expansive screen space by daisy chaining up to 2 monitors that look like one with their 4-sided ultra-thin bezels.

Simplified Connectivity

Level-up your productivity for all workflows by connecting to any compatible device easily using the USB hub.
