Monitor Lenovo ThinkVision P24QD-40: Precision and Performance

The Lenovo ThinkVision P24QD-40 is engineered for professionals requiring impeccable visual fidelity and high-speed responsiveness. Featuring a sharp 23.8-inch display with Quad HD (2560 x 1440) resolution, this monitor delivers twice the pixel density of standard Full HD monitors, providing outstanding detail for complex tasks like graphic design, data analysis, and coding. The advanced IPS (In-Plane Switching) panel ensures consistent, vibrant colors and extremely wide 178° viewing

angles, making collaboration effortless.

Seamless Viewing Experience

Beyond stunning resolution, the ThinkVision P24QD-40 offers exceptional motion clarity. The 120 Hz refresh rate ensures smoother scrolling, crisper video playback, and reduced eye strain during extended use, vastly improving the user experience compared to typical 60 Hz business monitors. With a fast 6 ms response time and a brightness of 300 cd/m², your content remains sharp and clear even in bright office environments.

Connectivity and Ergonomics

Designed to maximize productivity, the P24QD-40 includes comprehensive connectivity options, including a built-in USB hub for seamless connection of peripherals and accessories. The standard HDMI port provides easy setup flexibility. Furthermore, this ThinkVision monitor focuses heavily on user comfort. It features VESA mounting compatibility and a highly versatile stand that allows for precise height adjustment, ensuring you maintain optimal viewing posture throughout your workday.

- **Display Size:** 23.8 inches (60.5 cm)
