The HP 727pm Series 7 Pro is engineered for professionals who demand uncompromising quality, efficiency, and seamless collaboration. This 27-inch monitor combines stunning 4K UHD resolution with advanced docking features, making it the central hub for any high-performance workspace. Whether you are a creative specialist, developer, or multitasking executive, the 727pm ensures every task is handled with precision and clarity.

Unmatched Visual Fidelity with IPS Black

Experience visuals brought to life on the 4K (3840 x 2160) IPS Black panel. This technology delivers deeper blacks and significantly enhanced contrast ratios (2000:1 native / 10,000,000:1 dynamic), ensuring every detail remains crisp. Supporting over 1.07 billion colors, this display is certified with DisplayHDR 400 and covers comprehensive color spaces (100% sRGB and 98% DisplayP3), guaranteeing accurate and vibrant color representation critical for creative workflows.

Integrated Docking and Seamless Connectivity

Minimize clutter and maximize efficiency with integrated docking capabilities. The HP 727pm features powerful Thunderbolt 4 connectivity, which simplifies your setup by providing high-speed data transfer, video signal transmission, and up to 100 W of Power Delivery (PD) to charge your laptop or devices simultaneously via a single cable. It also includes an integrated USB 3.2 Gen 2 hub and built-in Ethernet functionality for a truly streamlined desktop experience.

Key Features for Productivity and Collaboration:

- **4K UHD Resolution (3840 x 2160):** Exceptional detail on a 27-inch screen at 60 Hz.
- **IPS Black Panel:** Superior contrast ratio (2000:1 native) for deep blacks and vibrant whites.
- **Built-in Conferencing Hub:** Includes an integrated 5 Megapixel webcam (2688 x 1944 at 30 fps) and dual array microphone for crystal-clear virtual meetings.
- **Thunderbolt 4 Docking:** Provides video, data, and 100W power delivery through a single connection, supporting daisy chaining.
- **Integrated KVM Switch:** Easily control two different computers using one set of peripherals (keyboard, video, mouse).
- **Advanced Color Accuracy:** 98% DisplayP3 and 100% sRGB color gamut coverage.
- **Ergonomic Comfort:** Fully adjustable stand (height, pivot, swivel, tilt) coupled with HP Eye Ease and Flicker-Free technology to reduce eye strain.

Intelligent conferencing: Recreating reality

Effortlessly make a great impression with built-in AI on the HP 27" 4K Conferencing Monitor.

Intelligent conferencing delivers productive, high-quality collaboration every time. And it's all on a dazzling display with powerful Thunderbolt™ 4.

Discover the HP 727pm Series 7 Pro monitor, designed for professionals who refuse to compromise on quality and efficiency. This 27-inch monitor boasts a 4K IPS Black display that brings visuals to life with over 1 billion colors, supported by 100% sRGB and 98% DisplayP3 color gamuts for accurate color representation. With a dynamic contrast ratio of 10,000,000:1 and HDR400 certification, it delivers deep blacks and vibrant colors, ensuring every detail is crisp and clear.

Connectivity is a breeze, thanks to its Thunderbolt 4, HDMI, and DisplayPort inputs, along with a built-in USB 3.2 Gen 2 hub that supports power delivery up to 100 W. Whether you're a creative professional, a multitasker, or in need of an efficient workspace, this monitor's comprehensive connectivity options and built-in devices like a KVM switch and Ethernet port make it the heart of your setup. The ergonomic design, featuring adjustments for height, pivot, swivel, and tilt, alongside HP Eye Ease and Flicker-Free technology, ensures comfort during long work sessions. Elevate your workspace with the HP 727pm Series 7 Pro monitor, where functionality meets exceptional visual quality.
