Utilizing a high-quality IPS (In-Plane Switching) panel, the PA279CV ensures wide 178° viewing angles and consistent colors regardless of your vantage point. The native 4K resolution provides four times the pixel density of standard Full HD monitors, allowing you to see every minute detail in your intricate designs or high-resolution video footage. Coupled with HDR support, the monitor delivers brighter whites and deeper blacks for a truly dynamic visual experience.

Key Specifications for Professionals:

- **Size and Resolution:** Crisp 27-inch display with 4K UHD (3840 x 2160) resolution.
- **Panel Type:** IPS technology ensuring consistent color and wide viewing angles.
- **Performance:** Smooth 60Hz refresh rate and rapid 5ms response time, suitable for demanding creative tasks.
- **High Dynamic Range (HDR):** Enhanced contrast and brightness for realistic image representation.
- **ProArt Calibration Features:** Designed for factory-calibrated color accuracy, crucial for reliable production work.

Designed for the Creative Workflow

While optimized for demanding creative tasks, the monitor maintains functional performance with a 60Hz refresh rate and a 5ms response time, ensuring smooth transitions and responsiveness when working with large files or complex applications. The ergonomic stand allows for tilt, swivel, pivot, and height adjustments, guaranteeing comfort during long professional sessions.

ASUS is a world-renowned technology leader known for innovation, quality, and high-performance computing components and peripherals. The ProArt series specifically addresses the rigorous demands of the professional creative market.
