Fast response time for smooth visuals

With a rapid response time — as low as 1 ms — ZenScreen OLED MQ16AHE displays smooth fast-paced action scenes and ensures low-latency gameplay. You'll also enjoy subtle benefits such as blur-free text scrolling.

Sleek and portable design

ASUS ZenScreen™ is ideal for life on the road. This sleek portable display is lightweight and has a slim profile, so it fits easily in any travel bag and is ready for productivity, anytime and anywhere.

Rich connectivity

ZenScreen OLED series includes a mini-HDMI port and two USB-C® ports — one of which support USB-C full function and one with power supply. It provides versatile connection to laptop/PC, smart phone and game consoles.

Designed with Versatility

A 360° detachable kickstand allow you to screw-in with ease on the rear tripod socket, enabling easy tilt adjustments in either portrait or landscape mode.

With the 360° kickstand design you can even put it on a tabletop mount with ease.

Work efficiently in portrait and landscape modes

With ASUS DisplayWidget Center software¹, ZenScreen OLED MQ16AHE can automatically sense its orientation and switch the display between landscape and portrait modes while connected to your laptop. Landscape mode is ideal for presentations and spreadsheets, while Portrait mode gives you a perfect view of items such as documents, books or websites.

Proximity sensor

An exclusive insert-molding process gives the monitor its light weight and thin profile while, cutting down on materials used.

Extend your workspace

OLED monitor that delivers exceptional color performance, with a 100,000:1 contrast ratio to ensure darker blacks and brighter whites. You can work more efficiently on the go with an extended display, or simply enjoy your favorite movies and videos wherever you are.

Protect your eyes with ASUS Eye Care technology

Low Blue Light

The new hardware-based ASUS Low Blue Light technology reduces potentially harmful high-energy blue-light emissions while offering color performance that's better than monitors with software-only filtering solutions.

Flicker Free

TÜV Rheinland-certified ASUS Flicker Free technology eliminates flicker, ensuring comfortable viewing experiences. This technology helps minimize eyestrain and other ailments typically associated with extended hours of viewing.

Sustaining an Incredible Future

Environmental Certification

ASUS ZenScreen OLED MQ16AHE is stringently tested to meet the requirements of world-leading sustainability certifications. These tests include a comprehensive database of up-to-date criteria, independent verification, and a structured system for continuous improvement.

Eco-friendly Packaging

The ZenScreen OLED MQ16AHE portable monitor is FSC Mix-certified, thanks to its sustainable packaging. An exclusive insert-molding process gives the monitor its light weight and thin profile while, cutting down on materials used. The Eco-Friendly Packaging-Paper-based materials is not only light weight and overall volume is as low as possible, for more efficient shipping.

Energy-Efficient Features

ZenScreen OLED MQ16AHE meets the requirements of the ENERGY STAR® Computers Specification Version 8.0.
