ASUS VZ279HG 27-inch Full HD IPS Gaming Monitor

Experience the perfect balance of stunning visuals and fluid performance with the ASUS VZ279HG Eye Care Gaming Monitor. Featuring a spacious 27-inch IPS panel, this display delivers vibrant Full HD (1920 x 1080) resolution and exceptional color accuracy (99% sRGB coverage). Its incredibly sleek, frameless design boasts an ultra-slim profile, measuring just 5.5mm at its thinnest point, making it a stylish addition to any desktop setup or multi-monitor arrangement.

Smooth Gaming and Professional Performance

Designed for both work efficiency and serious gaming, the VZ279HG elevates your viewing experience. The fast 120Hz refresh rate, coupled with 1ms Moving Picture Response Time (MPRT), ensures motion blur is minimized, providing crystal-clear movement during fast-paced action. Utilize Adaptive-Sync technology to synchronize the monitor's refresh rate with your GPU's frame rate, eliminating screen tearing and choppy frame rates for the smoothest gameplay possible.

ASUS Eye Care Plus Technology

Long viewing sessions are made comfortable thanks to ASUS Eye Care Plus technologies, which are TÜV Rheinland-certified. The Flicker-Free technology reduces on-screen flickering to minimize eye strain, while the Low Blue Light filters protect against harmful blue light emissions. These features allow you to work, browse, or game longer without discomfort.

- **Display Size & Panel:** 27-inch IPS panel offering 178° wide viewing angles.
- **Resolution:** Full HD (1920 x 1080).
- **Refresh Rate:** Rapid 120Hz for incredibly smooth visuals.
