## ASUS GeForce GT 710 EVO Graphics Card

The ASUS GeForce® GT 710 EVO is a passively-cooled graphics card designed to deliver quiet, multi-monitor productivity in a small package. Ideal for silent HTPC builds, this low-profile card enhances your multitasking capabilities without adding noise.

### Features:

- **Passive Cooling:** Enjoy a quieter workspace with a passively-cooled design, eliminating fan noise.
- **Supports 3 Displays:** Equipped with HDMI, DVI, and D-Sub outputs, supporting up to three displays simultaneously for efficient multitasking.

### **Big Productivity in a Small Package**

The ASUS GeForce® GT 710 is a passively-cooled graphics card that enables quiet multi-monitor productivity.

### **Passive Cooling**

A passively-cooled design creates a quieter workspace.

### **Supports 3 Displays**

ASUS GeForce GT 710 is a compact graphics card with three outputs (HDMI, DVI and D-Sub) that can support up to three displays at the same time for convenient multitasking.

### **GPU TWEAK III**

#### **Monitor, tweak, and tune**

ASUS GPU Tweak III is more intuitive and feature-rich than ever before. A revamped interface offers greater accessibility by integrating core functions into a centralized dashboard, and our Voltage-Frequency tuner has been overhauled to make overclocking even easier. Additional goodies like 0dB fan technology, automatic profile swapping, a fully customizable on-screen display, and logging capabilities ensure that you get the most out of your graphics card.
