Experience unparalleled responsiveness with the first-ever LIGHTFORCE hybrid switches, which offer the speed and reliability of optical actuation combined with the crisp, tactile feedback of mechanical switches. Precision is guaranteed by the highly accurate HERO 25K sensor, providing industry-leading tracking up to 25,600 DPI. This advanced optical sensor ensures zero smoothing, acceleration, or filtering, providing pure, accurate input every time.

Optimized Features for Pro Gaming

- **Pro-Grade LIGHTSPEED Wireless:** Utilizing reliable 2.4 GHz technology, the LIGHTSPEED connection offers performance with low latency equivalent to a wired connection.
- **LIGHTSYNC RGB Lighting:** Features 8 individually addressable RGB lighting zones, allowing you to customize dynamic lighting effects that synchronize with your gameplay and setup.
- **Programmable Control:** The mouse features 11 total buttons (13 programmable functions) and the ability to save up to 5 onboard profiles, ensuring all your macros and commands are easily accessible.
- **Adjustable DPI Button:** Easily change sensitivity on the fly using the removable and repositionable DPI shift button, perfect for switching between standard movement and precise sniping.
- **POWERPLAY Compatibility:** Achieve infinite power by seamlessly integrating with the Logitech G POWERPLAY wireless charging system (sold separately).
- **Lightweight and Ergonomic:** Weighing just 106 g, the ergonomic design ensures comfort and reduced fatigue during extended gaming sessions.
- **Smooth Glide:** Equipped with low-friction Polytetrafluoroethylene (PTFE) feet for fast, effortless movement across any surface.

Logitech is globally recognized for producing high-quality, innovative gaming peripherals that push the boundaries of performance and reliability. The G502 X PLUS represents the pinnacle of their commitment to serious gamers seeking the ultimate competitive edge.
