connectivity via the secure Logi Bolt USB receiver or Bluetooth Low Energy (BLE), ensuring a stable and safe connection up to 10 meters. Designed with sustainability in mind, this graphite combo features durable construction using 85% post-consumer recycled plastic.

Optimized Keyboard Features (German Layout)

The MK370 keyboard offers a familiar, comfortable typing experience with its full-size 100% form factor, including a dedicated numeric keypad and essential multimedia keys for enhanced workflow efficiency. Featuring a German QWERTZ layout and high-profile membrane keys, it is built for longevity with a keys operating life of 5 million characters. The adjustable height provides ergonomic comfort for long working sessions.

Precision Mouse and Universal Compatibility

The included ambidextrous mouse weighs just 75.2g and provides precise control with 1000 DPI movement resolution, making it ideal for standard office tasks. The mouse features durable pressed buttons rated for 5 million clicks. The combo is highly versatile, supporting major operating systems including Windows 11/10, macOS (up to Ventura), Linux, and various Android and iPadOS platforms. Customize and manage your settings easily using the downloadable Logi Options+ software.
