surrounds you with rich music and subtle auditory cues. Add in innovative debut features that transport you to your gaming world and you've got a monitor ready for any adventure.

## **EXpanded Immersion**

### **HDRi: Intelligent Optimization**

HDRi immersive detail draws you into the game. A discrete sensor detects ambient light levels and assesses then adjusts on-screen HDR images so you see every detail. Customized color performance, detail contrast, and image clarity add intensity.

When facing a challenge you want every advantage. While before display audio was a runner up to stellar images, we changed the rules.

EX2710S has two 2.5W speakers and a DSP (Digital Signal Processor) with three customized sound modes. You select the audio setting suited to your scenario. For complete immersion, the DSP and speaker array offer depth, emotion, and intensity like never before.

### **Superior True Sound by treVolo**

BenQ treVolo experts approach sound design from the perspective of an audiophile. Get full acoustic enjoyment with five sound settings that enable precise treble, rich mid-range, and resounding bass - all without the clutter of external speakers.

### **Light Tuner**

Light Tuner lets you choose from 20 color settings for your favorite effect. Whether you play FPS or RPG, you decide how your game looks for your best experience.

### **Lightning-Fast Responsiveness**

1ms MPRT and 165Hz refresh rate means your fast-paced games display without artifacts, ghosting, or blur. You can aim quickly at fast-moving enemies in your favorite FPS.
