fluid, uninterrupted gameplay.

Unrivaled Speed and Visual Clarity

Speed is critical in high-stakes gaming, and the MPG 272URX delivers exceptional performance. The blazing 240Hz refresh rate ensures incredibly smooth motion rendering, while the rapid 0.03ms (GtG) response time virtually eliminates ghosting and motion blur. This display also boasts VESA certification for ClearMR 13000, confirming its superior motion clarity, and DisplayHDR True Black 400 for deep, cinematic contrast.

- Display: 27-inch (26.5") 4K UHD (3840x2160) QD-OLED panel.
- Refresh Rate: Ultra-fast 240Hz for competitive edge.
- Response Time: Rapid 0.03ms (Gray-to-Gray) minimizes blur.
- HDR Standard: DisplayHDR True Black 400 for intense contrast and color depth.
- Motion Clarity: VESA ClearMR 13000 certified.

Next-Generation Connectivity for PC and Console

The MPG 272URXDE is built to support the latest hardware across PC and console platforms. It includes high-bandwidth HDMI 2.1 ports, crucial for console gamers seeking 4K resolution at 120Hz, along with Variable Refresh Rate (VRR) and Auto Low Latency Mode (ALLM). For PC enthusiasts, the cutting-edge DisplayPort 2.1a connection offers a massive 80Gbps bandwidth, securing performance continuity for future professional displays and graphics cards. The monitor also includes a built-in USB hub (USB 2.0) for peripheral connection.

Protecting Your Investment with OLED Care 2.0

To ensure the longevity of your premium QD-OLED panel, MSI incorporates advanced OLED Care 2.0 technology. This system actively monitors and optimizes the display usage, helping to prevent permanent burn-in and maintaining image quality throughout the monitor's lifespan. The monitor also features VESA mounting capabilities and height adjustment for optimal ergonomic setup.

MSI (Micro-Star International) is a world leader in gaming hardware, specializing in innovative monitors, laptops, and components designed for high-performance computing and professional esports.
