The Arozzi Nova 32 ensures that every frame is rendered perfectly, eliminating motion blur and ghosting. With an incredible 180 Hz refresh rate and an ultra-fast 1 ms response time, you gain a crucial advantage in fast-paced genres like FPS and racing simulators. The 2560 x 1440 resolution (QHD) on the large 32-inch screen provides expansive detail, drawing you deeper into the game world.

## IPS Panel Technology

Equipped with an advanced IPS panel, the Nova 32 offers superior color accuracy and wide viewing angles compared to standard panels. While optimized for speed, it maintains exceptional picture quality, making it suitable for content creation and media consumption as well. The brightness level of 300 cd/m<sup>2</sup> ensures clear visibility even in moderate lighting conditions.

## Connectivity and Features:
