

## Processor Intel Core i5-14600K 3.5 GHz (Raptor Lake Refresh) LGA 1700 - Boxed

Modelis: BX8071514600K

Gamintojas: INTEL

EAN: 5032037278447

Prekės kodas: 406156

## Intel Core i5-14600K: Performance for Gaming and Multitasking

Step up your PC performance with the Intel Core i5-14600K desktop processor. Built on the advanced Raptor Lake Refresh architecture, this 14th generation CPU delivers outstanding speeds and efficiency for demanding users, including competitive gamers and content creators.

Operating at a robust base clock speed of 3.5 GHz, the i5-14600K is designed for the LGA 1700 socket platform. Its hybrid architecture intelligently manages workloads, dedicating performance

cores (P-cores) for high-intensity tasks like gaming and creation, and efficiency cores (E-cores) for scalable multi-threaded performance and background processes.

## Key Features and Benefits:

- **Raptor Lake Refresh Architecture:** Experience the power of Intel's 14th generation technology, offering improved performance and efficiency over previous generations.
- **Unlocked for Overclocking ('K' suffix):** Unleash maximum potential. The unlocked multiplier allows advanced users to fine-tune clock speeds for extreme performance gains.
- **High Base Frequency:** A 3.5 GHz core clock ensures snappy responsiveness and excellent performance right out of the box.
- **LGA 1700 Socket Compatibility:** Designed for modern motherboard platforms, offering access to the latest connectivity standards.
- **Ideal for Enthusiasts:** Perfect choice for building high-end gaming rigs and professional workstations that require reliable processing power.

**INTEL** is a global leader in semiconductor innovation, designing and manufacturing essential technologies that power the world's computers and data centers. Known for reliability and cutting-edge performance, Intel processors are the foundation of modern computing.

Order today from ++SHOP++ as we offer the best competitive pricing and reliable delivery options for high-performance components.
