

# Processor Intel Core Ultra 7 265K CPU, 20 Cores, 5.5 GHz, Socket LGA 1851 (Arrow Lake)

Modelis: BX80768265K

Gamintojas: INTEL

EAN: 5032037282062

Prekės kodas: 406183

## 395.98€

## Intel Core Ultra 7 265K Processor - Next-Generation Arrow Lake Performance

Step into the future of desktop computing with the Intel Core Ultra 7 265K processor. Built on the innovative Arrow Lake architecture and designed for the new LGA 1851 socket, this CPU delivers groundbreaking speed and efficiency for enthusiasts, serious gamers, and content creators.

The Core Ultra 7 265K model features a massive configuration of 20 cores and reaches blazing speeds up to 5.5 GHz. As a K-series processor, it is fully unlocked, offering unparalleled overclocking potential for users who demand absolute maximum performance from their system.

## Key Features and Specifications:

- **Exceptional Core Count:** Equipped with 20 high-performance cores to handle intense multitasking, complex simulations, and modern AAA gaming without compromise.
- **Turbo Boost Frequency:** Achieve lightning-fast processing speeds up to 5.5 GHz for exceptional responsiveness in single-threaded and burst workloads.
- **Unlocked Multiplier (K-Series):** Provides the flexibility and tools necessary for advanced manual overclocking, allowing enthusiasts to push the limits of performance.
- **New Architecture Support:** Utilizing the cutting-edge Arrow Lake architecture, ensuring improved efficiency and compatibility with the latest platform features.
- **Socket LGA 1851:** Designed specifically for the next generation of Intel motherboards, providing a foundation for future hardware upgrades.
- **Cooler Excluded:** This boxed version is shipped without a bundled cooler, allowing users to select a high-end thermal solution (AIO liquid or custom air cooling) optimized for enthusiast-level overclocking.

## Designed for Power Users

Whether you are rendering 4K video, streaming high-definition content while playing competitive titles, or running demanding professional software, the Intel Core Ultra 7 265K provides the raw processing power required to excel. Its robust core count ensures smooth, lag-free operation across all demanding applications.

**INTEL** is globally recognized as the leader in semiconductor technology, consistently delivering innovative processor solutions that power everything from data centers to high-end personal computers. Intel processors are synonymous with reliability, compatibility, and top-tier performance.

Order today from ++SHOP++ as we offer the best component selection and competitive pricing for your next performance build.
