Pagrindinės savybės

- ✓ Quick release tool-free connectivity allows for seamless, flexible modularity in any orientation with minimal mounting
- ✓ Q-Stop double vibration suppression eliminates noise and oscillatory load
- ✓ Light bar placement ensures full view of ARGB lighting from any angle
- ✓ HDB hydrodynamic bearings extend lifespan and reduce noise; PWM control automatically optimizes RPM
- ✓ Enhanced Airflow Channels improve efficiency and reduce noise by minimizing suction side flow separation

Aprašymas

Elite Universal Modular Fan

A fully circumscribed fan maximizes the surface area of the fan blades, delivering maximum performance without compromising style. The Apolar 120 ARGB Reverse Blade fan raises your PC building game with efficient quick release daisy-chaining while the Q-Stop “Quiet Stop” dampening system eliminates hum and noise.

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

Reverse Blades Fan, Cooling Mastery

Reversing the orientation of the fan blade reverses the direction of the blade’s spin, channeling air in the opposite direction to that of standard forward blade fans.
Embrace full-scale cooling mastery with the Apolar 120 ARGB Reverse Blade’s expanded fan size, circumscribing the entire unit for optimum blade surface exposure. Experience unrivaled airflow delivery without compromising on the stunning RGB lighting, delivering a perfect harmony of performance and style.

Chain Combo

The quick-release connection system allows seamless daisy chaining for rapid integration, ensuring optimal airflow efficiency: swift, easy, tool-free assembly that keeps your rig cool without the hassle.

Fan Service

The Hydro Dynamic Bearings (HDB) extend fan life and reduce noise, while PWM control technology enables precise control of fan speed.

It’s Always The Quiet Ones

Our Q-Stop - Quiet Stop - dampening system completely changes our cooling game. This technology disperses the vibration generated by the fan blades’ operation, eliminating noise and oscillatory load.

Silent Stream

Enhanced Airflow Channels separate flow on the suction side into minimal streams, improving efficiency and reducing noise.

Techninė specifikacija

Features	
Type	Fan module
Product colour	White
Fan connector	3-pin + 4-pin
Fan performance	75.38 cfm
Noise level	37.1 dB
Suitable for	Computer case
Weight & dimensions	
Width	120 mm
Depth	120 mm
Height	28 mm
Weight	588 g
Packaging data	
Quantity per pack	3 pc(s)
Package width	130 mm

Package depth	95 mm
Package height	164 mm
Package weight	846.5 g
Power	
Fan voltage	12 V
Fan current	0.2 A
RGB voltage	5 V
Technical details	
Warranty period	3 year(s)
