At the core of the M75 is the cutting-edge CORSAIR MARKSMAN optical sensor, offering an immense 26,000 DPI movement resolution, guaranteeing precise and accurate tracking across any compatible surface. This sensor is paired with a blazing-fast 8000 Hz polling rate (Hyper-polling technology), registering your movements up to 8 times faster than standard gaming mice. This high-speed connectivity ensures zero delay between your hand and the action on screen.

- **Movement Resolution:** High-precision 26,000 DPI CORSAIR MARKSMAN optical sensor.
- **Polling Rate:** Ultra-responsive 8000 Hz Hyper-polling for instantaneous response.
- **Speed & Acceleration:** Impressive 650 ips tracking speed and 50 G maximum acceleration.
- **Programmable Buttons:** Equipped with 8 programmable buttons featuring CORSAIR QUICKSTRIKE technology for zero-gap clicks.
- **Connectivity:** Reliable wired USB connection optimized for high-speed transmission.

Durable Design and Custom Aesthetics

The M75 is built for durability and seamless movement. Its robust construction ensures longevity, rated for 100 million clicks. For fluid, smooth glides, the mouse utilizes premium polytetrafluoroethylene (PTFE) feet. Furthermore, the aesthetic can be fully customized thanks to dynamic RGB LED backlighting, supported and managed by the intuitive CORSAIR iCUE software, allowing for perfect synchronization with your entire setup.

- **Orientation:** Designed for both right and left-handed users (ambidextrous).
- **Weight:** Extremely lightweight design at just 74 g.
- **Feet:** Low-friction PTFE feet for effortless movement.
- **Customization:** Full RGB LED backlight support via CORSAIR iCUE.
- **OS Compatibility:** Works seamlessly with Microsoft Windows 10 / 11 and Apple macOS 10.15 or later.

CORSAIR is a world leader in high-performance gear for gamers, enthusiasts, and PC builders. Known for reliability, innovative design, and cutting-edge technology, CORSAIR delivers the essential tools necessary to dominate any virtual battlefield.
