The CQ27G4X is engineered for speed, utilizing a cutting-edge Fast VA panel that minimizes motion blur. Achieve exceptionally smooth visuals thanks to the ultra-high 180Hz refresh rate and a lightning-fast 0.5ms MPRT (Moving Picture Response Time), or 1ms GtG. This responsiveness ensures every critical movement is rendered instantly, giving you a competitive edge in fast-paced eSports titles.

Key Gaming Features:

- **27-inch QHD (2560x1440) Resolution:** Enjoy twice the pixel density of Full HD, offering sharper images and more screen real estate.
- **180Hz Refresh Rate:** Provides ultra-smooth motion handling, significantly reducing latency and motion blur.
- **Fast VA Panel with 0.5ms MPRT:** Delivers rapid response times while maintaining the superior contrast and color vibrancy characteristic of VA technology.
- **1500R Curvature:** Mimics the natural curvature of the human eye, enhancing immersion and reducing eye strain during extended gaming sessions.
- **Adaptive Sync Technology:** Eliminates screen tearing and stuttering by synchronizing the monitor's refresh rate with your GPU's frame rate.
- **HDR10 Support:** Offers enhanced contrast and a wider color gamut for deeper blacks and brighter whites.
- **Ergonomic Customization:** Includes a robust, height-adjustable eSports base, allowing you to find the perfect viewing angle for comfort and dominance.

Connectivity and Control

Connect seamlessly using the comprehensive inputs, including two HDMI 2.0 ports and one DisplayPort 1.4 connection, ensuring compatibility with modern gaming consoles and high-performance PCs. Utilize the AOC G-Menu software for ultimate customization, easily tweaking display settings, gaming modes, and color profiles to suit any game genre.

AOC (Admiral Overseas Corporation) is a globally recognized manufacturer known for producing high-quality monitors and display technology. They focus on delivering monitors that cater to professional, creative, and highly competitive gaming markets, emphasizing performance and value.
