(1920 x 1080) coupled with a lightning-fast 200Hz refresh rate and a rapid 1ms response time, ensuring every action is fluid and responsive.

Unrivaled Gaming and Entertainment Performance

This monitor is engineered to deliver seamless, tear-free visuals whether you are gaming, streaming, or working. The combination of high refresh rate and premium sync technologies keeps you ahead of the competition.

- **Smooth Motion:** Achieve crystal-clear visuals and minimal input lag thanks to the blazing 200Hz refresh rate and 1ms response time.
- **Tear-Free Gameplay:** Utilize AMD FreeSync™ Premium technology to synchronize the monitor's refresh rate with your graphics card, eliminating screen tearing and stuttering during PC gaming.
- **Console Ready:** HDMI VRR (Variable Refresh Rate) support ensures smooth and responsive action for compatible consoles, delivering a seamless experience.

Fast IPS Panel Technology and Colour Fidelity

Built with a high-performance Fast In-Plane Switching (IPS) panel, the SE2725HG provides outstanding colour consistency and wide viewing angles, making it dependable from every perspective.

- **Excellent Visuals:** The IPS panel offers a swift 1ms response time without sacrificing image quality or colour accuracy.
- **Rich Colour Coverage:** Experience vivid images and eye-catching clarity with 99% sRGB colour coverage.
- **Maximized Viewing Area:** Ultra-thin bezels help maximize your screen real estate for a more immersive multi-monitor setup or single-display focus.

Enhanced Eye Comfort and Sustainable Design

Dell prioritizes your well-being with built-in technology designed to protect your eyes during long usage sessions.

- **ComfortView Plus:** This always-on, integrated feature minimizes harmful blue light exposure without distorting colours, ensuring better colour fidelity compared to software-based solutions.
- **Intuitive Control:** Easily adjust settings with the fast and intuitive rear joystick control.

DELL is a globally recognized technology leader committed to innovation, quality, and sustainability. This monitor demonstrates Dell's dedication to responsible design, being made from recycled materials, including post-consumer recycled plastic and recycled glass, and shipping in 100% renewable packaging.

Order this high-performance monitor today from ++SHOP++ and experience the perfect blend of speed, colour, and comfort for your desktop setup.

Perfect for all your entertainment and light gaming, this 27-inch FHD monitor features a high 200Hz refresh rate, fast IPS panel and built-in ComfortView Plus.

Smoother, tear-free performance

Enjoy seamless, smooth motion while gaming or streaming content. This monitor delivers all the action with vibrant colours and without tear or lag.

Smooth motion

Experience clear visuals, fluid motion and minimal input lag with a 200Hz refresh rate and a fast 1ms response time.

Seamless gaming

AMD FreeSync™ Premium technology helps eliminate screen tearing for PC gaming, while an HDMI VRR (Variable Refresh Rate) keeps console action smooth and responsive for seamless gameplay and faster reaction time.

Dependable from every angle

Fast In-Plane Switching (IPS) panel

Enjoy quicker 1ms response time, excellent colour accuracy and consistency across wide viewing

angles.

Rich colour

Experience vivid images with eye-catching clarity thanks to 99% sRGB colour coverage.

Ultra-thin bezels

Maximise your viewing experience with thin bezels.

More control

A rear joystick control makes adjusting settings faster, easier and more intuitive.

Enhanced eye comfort

Minimize harmful blue light exposure without sacrificing colour accuracy with Dell's always-on, built-in ComfortView Plus.

See the difference when ComfortView Plus helps dial back yellow hues to ensure better colour fidelity, compared to the results of software-enabled low blue light technology.

Made for you, sustainably

Intentional design in every part

At the heart of our design is a commitment to sustainability. That's why our monitor helps reduce waste with a design made from recycled materials like up to 85% post-consumer recycled plastic and up to 20% recycled glass.

Seamlessly modernise your tech

We can help you responsibly and securely retire your legacy IT equipment, regardless of brand, while addressing your sustainability goals.

Packaging with purpose

This monitor ships in a box made from 100% renewable materials. We are reducing plastic waste wherever possible and transitioning to a responsible fiber-based solution.
