The most versatile rugged Android business tablets

Maximize productivity and business efficiency with the business tablets that deliver more — more features, more power, more security, more ruggedness and more versatility. Designed for work, the ET60 Wi-Fi and ET65 Wi-Fi and cellular enterprise tablets are ready for your most punishing environments — while they offer all the beauty of consumer-styling, they're built like a tank, ready for the most punishing environments. These flexible tablets can be whatever you need them to be — a tablet, a laptop alternative and a vehicle mount computer. And these workhorses are loaded with features that help get the job done faster and more efficiently.

Rugged Redefined

These tablets pass more real-world tests than any other tablet in their class. They're drop-tested to concrete, dustproof, freezer-proof, rated for hose-downs, ready for all the elements including rain, snow, ice. Additional tests that make these tablets even more rugged include thermal shock, heavy exposure to sunlight and an impact test on the touch screen.

Transforms into a Vehicle Mount Computer in Forklifts and More

Just lock the ET60 or ET65 into the new patent-pending vehicle dock and mount in a forklift or other material handling vehicle. The ET60 Freezer model display and warehouse keyboard are heated – a feature no other tablet today offers. The result? The screen is always clear, easy to see and free of

condensation — and the keyboard is always free of ice, ready for data entry.

All the Most Powerful Wireless Connections

5G and Wi-Fi 6E provide the fastest cellular and Wi-Fi speeds available. And support for private 5G and Citizens Band Radio Service (CBRS) 4G/LTE enables superior wireless connectivity, application performance and security in expansive indoor and outdoor areas for a fraction of the time and cost required to deploy Wi-Fi.
