- **10-Point Multi-Touch:** Offers an intuitive interface for customer-driven interaction, enhancing engagement and driving purchases with its fast response time.
- **Home UI:** Upgraded home screen UI displays popular categories like Features, Sources, and Settings on a single screen for convenient access. The Favorites folder allows quick access to frequently used functions.
- **Center IR:** Simplifies remote control with direct IR signal reception, eliminating the need for IR receiver cable extensions. Built-in Wi-Fi enables wireless remote management of content and display settings.
- **IP5X / EMC Class B:** Compliant with electromagnetic compatibility (EMC) class B standards, ensuring safe and reliable operation. The IP5x rating guarantees durability in dusty environments.
- **Samsung VXT:** A cloud-based solution that combines content management and remote device management, allowing users to remotely manage hardware settings and troubleshoot issues. It simplifies content creation and deployment without requiring extensive training.

Samsung is a global leader in technology, known for its innovative and reliable products that enhance both business and personal experiences.

Order today from ++SHOP++ as we offer the best...

Expand commercial space with compact display

Get the most out of every space with Samsung QB24C-T small digital signage. The compact display provides sharp messaging with its Full HD resolution. Its enhanced internal solutions and intuitive home screen UX make it easy to use, also ensuring reliable performance for any business use.

Fast, effective touch capabilities

10 point multi-touch

The QB24C-T provides 10-point multi-touch, while fast response time powers an intuitive interface that allows customer-driven search and action, creating new customer interactions that drive purchases.

Connect with convenience

Home UI

QB24C-T boasts greater usability with an upgraded home screen UI. Popular categories like Features, Sources and Settings are displayed on the same screen for convenient availability. The Favorites folder grants users quick, easy access to frequently used features in a single click.

Convenient, clean display control

Center IR

With center IR, each display receives IR signals directly to the panel, allowing easy and convenient remote control. When mounted, the display doesn't require an IR receiver cable extension. Built-in Wi-Fi allows wireless remote management for both content and display.

Safe operation, reliable performance

IP5X / EMC Class B

QB24C-T is electromagnetic compatibility (EMC) class B compliant, meeting strict safety and reliability standards for operation. Additionally, the display's IP5x rating underscores its robust durability even in dusty environments.

Change the way to manage your display

Samsung VXT

Samsung VXT is a cloud-based solution that brings together content management and remote device management capabilities, allowing users to remotely manage hardware settings and troubleshoot issues from afar, while effortlessly creating and deploying content without the need for training.
