Aprašymas

The Logitech MeetUp 2 is an advanced video conferencing device designed to elevate your meeting experience. Equipped with a 6-microphone array and advanced audio output, it delivers crystal-clear sound, ensuring every participant is heard. The device's 4K digital video camera, featuring a wide field of view and digital zoom, captures every detail with precision, supported by AI noise reduction and Acoustic Echo Cancellation for excellent video quality.

Connectivity is seamless, thanks to a variety of interfaces including Bluetooth, HDMI, and USB-C 3.1, making it compatible with virtually any setup. Security is also a top priority, with AES encryption, a Kensington security lock slot, and advanced software features ensuring your communications are protected. With its intelligent design, including an integrated privacy shutter and cable management system, the Logitech MeetUp 2 is not only powerful but also a sleek addition to any conference room.
