The Philips 24B2U3301 from the 3000 Series is expertly engineered to maximize workplace productivity and digital connectivity. Featuring a crisp 23.8-inch Full HD (1920 x 1080) IPS panel, this monitor delivers superior image quality and exceptionally wide 178-degree viewing angles, ensuring accurate color representation (110% sRGB) across the screen. Its advanced connectivity, including USB-C docking capabilities with Power Delivery and built-in RJ45 Ethernet, transforms your setup into a clean, single-cable workstation.

Seamless Connectivity and Integrated Docking Solution

Eliminate desktop clutter and simplify your connections with the integrated USB 3.2 Gen 1/USB-C hub. The reversible USB-C port supports high-speed video input, data transfer, and power delivery (PD). Crucially, the built-in Ethernet (RJ45) connector allows you to connect instantly to a secure network, making this monitor a true docking station replacement for modern laptops. Furthermore, the extensive connectivity options include HDMI, DisplayPort, and four additional USB-A ports for peripherals.

Designed for Comfort, Clarity, and Sustainability

- **Exceptional Ergonomics:** The SmartErgoBase allows for full display position adjustments including height, tilt, swivel, and a 90-degree pivot (rotation), helping users maintain an optimal ergonomic posture during long working hours.
- **Eye Comfort Technology:** Minimize eye strain with Flicker-Free technology and Philips SoftBlue Technology, which reduces harmful shortwave blue light without compromising the color fidelity (TUV Rheinland Eyesafe certified).
- **Smooth Visuals:** Enjoy smoother movement and clearer visuals with a native refresh rate up to 120 Hz, enhanced by VESA Adaptive-Sync technology for fluid, tear-free video playback.
- **Sustainable Design:** This monitor meets strict environmental standards, is ENERGY STAR Qualified, and is constructed using 85% post-consumer recycled plastic, supporting eco-conscious IT procurement.

MMD-MONITORS & DISPLAYS (Philips) is a global leader known for producing high-quality, reliable, and innovative display solutions tailored for both professional and home environments.

Order today from ++SHOP++ as we offer the best professional display solutions for modern workstations and home offices.

The Philips 24B2U3301 is designed to enhance both productivity and comfort, featuring a 24-inch Full HD display with a resolution of 1920 x 1080. Its sleek design includes an anti-glare screen coating, ensuring a clear view from multiple angles with a horizontal and vertical viewing angle of 178 degrees. The monitor can be adjusted for height, tilt, swivel, and pivot, enabling a customizable viewing experience that promotes ergonomic posture during long hours of use. Equipped with technologies such as Flicker-Free technology and SoftBlue Technology, this monitor minimizes eye strain, making it suitable for extended use. It supports a variety of connections, including HDMI, DisplayPort, and USB-C, catering to diverse technical needs. The built-in USB hub and Ethernet provide added convenience, while its eco-friendly design uses 85% post-consumer recycled plastic, meeting energy efficiency standards such as ENERGY STAR certification.
