Aprašymas

The Gembird MIC-DU-02 is designed for audio capture, making it an option for computer use. With its condenser technology and omnidirectional microphone operation mode, it effectively captures sound from all directions, ensuring clear recordings in various settings. Its frequency response ranges from 100 Hz to 16,000 Hz, allowing for a range of frequencies to be picked up with fidelity.

This microphone connects easily through a USB interface, providing a reliable wired connection that eliminates concerns about battery life or interference. Recommended for tabletop placement, the Gembird MIC-DU-02 is suited for podcasts, online meetings, or any situation where sound quality is important. Experience the clarity and reliability this microphone offers.

Product Description: Gembird MIC-DU-02 - microphone | Product Type: Microphone - USB | Recommended Use: Computer | Colour: Black | Microphone: Tabletop | Microphone Technology: Condenser | Microphone Operation Mode: Omni-directional
