Superior Visuals and Smooth Performance

- **QHD Resolution (2560 x 1440):** Provides superior picture quality and sharp imagery, revealing the finest details across the 16:9 widescreen format.
- **VA Panel Technology:** Offers high contrast ratios (4000:1 native) and wide viewing angles, ensuring consistent picture quality from almost any perspective.
- **75Hz Refresh Rate & 4ms Response Time (GtG):** Ideal for essential computing tasks, ensuring smooth transitions and reduced motion blur compared to standard 60Hz displays.
- **Adaptive-Sync Support:** Aligns the monitor's vertical refresh rate with the frame rate delivered by your GPU, eliminating screen tearing and stuttering during video playback and casual gaming.
- **Excellent Colour Fidelity:** Supports 16.7 million colours with broad coverage, including 118.5% sRGB and 89% DCI-P3, ensuring professional-grade colour accuracy.

Maximum Productivity and Ergonomic Design

The Q27E3UMF enhances your workspace with advanced ergonomic features and practical connectivity, promoting a tidy and comfortable environment for long working hours.

- **Built-in USB 3.2 Gen 1 Hub:** Side-mounted ports offer easy access to peripheral connections, making it simple to connect external drives or charge devices without reaching the back of your PC.
- **Full Ergonomics:** The adjustable stand allows for height, pivot (rotation 180°), swivel, and tilt adjustments, enabling you to find the most comfortable and healthy viewing position. The pivot function is especially useful for document editing and desktop publishing.
- **Integrated Speakers:** Built-in audio simplifies the setup, providing quality sound for calls, music, or video without the need for external speakers.
- **Frameless Design:** The sleek, frameless edges look modern and are ideal for seamless multi-monitor configurations, eliminating distracting bezels.

Certified Eye Comfort

Designed for extended use, the AOC Q27E3UMF incorporates advanced features to protect your eyes.

- **Flicker-Free Technology:** Utilizes a DC (Direct Current) backlight panel, significantly reducing visible flickering that can cause eye strain and fatigue.
- **Low Blue Light Mode:** Reduces harmful short-wavelength blue light emitted by the display without sacrificing colour composition, preventing headaches and sleep disruption during long sessions.

AOC INTERNATIONAL is a global leader in display technology, renowned for producing monitors that combine cutting-edge features with reliable performance, catering to professionals and consumers worldwide. This Essential-line monitor reflects AOC's commitment to quality and ergonomic design.

Order the AOC Q27E3UMF 27-inch QHD monitor today from ++SHOP++ and experience the perfect blend of clarity, comfort, and connectivity for your essential computing needs.

The AOC Q27E3UMF offers a great 27" VA panel with wide viewing angle, detailed and crystal-clear QHD resolution and 300 nits brightness. It also offers all essentials for working or studying, supporting long hours with features for eye care such as Low Blue Mode and Flicker Free. For a neatwork station, it also offers cable management for its complete connectivity.

QHD Resolution

With 2560 x 1440 resolution, Quad HD (QHD) offers superior picture quality and sharp imagery that reveals the finest details. The widescreen 16:9 aspect ratio provides plenty of space to spread out and work, plus allows you to enjoy games or movies in their original size.

Height adjustable Stand

Raise or lower the screen to suit each individual's height and seating preferences. The easy-to-adjust stand ensures hours of comfort.

USB Hub

Built-in USB hubs in AOC's monitors bring ease of use and practicality to your desk. Side mounted ports are easily reachable without even looking at them; negating time wasted searching the backside of a PC case to find a free USB port.

Full Ergonomics

Feel the comfort! AOC's height, tilt and swivel-adjustable stands help you find the most comfortable and healthy position.

Pivot function

Thanks to its pivot function, your monitor can be rotated by 180° from landscape into portrait mode, especially useful for desktop publishing.

Flicker Free

AOC Flicker-Free Technology utilises a DC (Direct Current) backlight panel, reducing flickering light levels. With eye strain and fatigue absolutely minimized, feel free to enjoy those long, intense gaming sessions in comfort!

Low Blue Light

AOC Lowblue Light protects you from harmful blue light which, during long sessions, has been shown to cause eye strain, headaches, and sleeping disorders. Our Lowblue Light feature reduces the harmful wavelengths emitted without sacrificing color composition, setting the experience free from the worry of eye damage.

Adaptive sync

Adaptive Sync aligns your monitor's vertical refresh rate with the frame rate delivered by your GPU, making your gameplay and casual gaming experience even more fluid by eliminating stuttering, tearing and judder. This feature is also useful when enjoying videos and other visual media, for a smoother entertainment.

Speakers

Built-in speakers make it easy to catch up with family, friends and colleagues. For movies, music, games and more, you'll enjoy quality audio without the hassle of connecting external speakers.

Frameless design

Besides looking modern and attractive, frameless designs enable seamless multi-monitor setups. Your cursor/windows will not be lost anymore in the dark abyss of bezels, when many displays are placed side by side.
