The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of the MacBook Pro 16" require a privacy screen that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode. The MagPro Elite Magnetic Privacy Screen attaches seamlessly to the MacBook Pro's magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to +/- 30°, limiting the chance of unauthorized viewing and reducing harmful blue light and glare.
