Personal data stays personal

The Personal Data Engine combines and processes your primary data and provides tailored suggestions. It encrypts this data and saves it on your device with Knox Vault, making it inaccessible to anyone else.

Have control over your Galaxy AI. You can decide where to process it, either on-device or in the cloud.

We've further improved security across Galaxy connected devices with Knox Matrix Trust Chain technology. Now you can monitor the security of other devices right from your Galaxy smartphone.

Our most advanced AI ProVisual Engine

Our next-gen ProVisual Engine is now boosted by our powerful processor—allowing you to capture, view and edit for our best camera and editing experience yet.

Less noise, more clarity

Now you can shoot in improved 10-bit HDR for a more stunning videography experience. Our advanced AP also delivers more precise noise removal meaning you won't have to worry about grainy night footage again.

Look your best in every light

Our Object-aware Engine detects light in the environment and precisely recognises subjects. Flaunt your natural skin tones and textures as your eyes see them.
