wide viewing angles, and noticeably sharper images. The In-cell 10pt PCAP touch technology ensures a fluid and natural touch experience. This monitor is designed for 24/7 operation and can be used in landscape, portrait, and face-up orientations.

## Features:

- **Interactive Touchscreen:** In-cell 10pt PCAP touch technology for a smooth and natural user experience.
- **Android OS:** Pre-installed Android 14 operating system allows for easy customization with direct application installs.
- **Connectivity:** Includes Wi-Fi, LAN (RJ45), and Bluetooth connectors for versatile connectivity options.
- **Ample Storage:** 32GB of storage space for applications and content.
- **Power over Ethernet (PoE):** Simplifies installation by delivering both power and data through a single cable.
- **iiSignage<sup>2</sup> Compatibility:** Integrates with iiyama's Content Management System (CMS) for full control over messaging and advertising.
- **24/7 Operation:** Designed for continuous operation in demanding environments.

With Power over Ethernet (PoE), both power and data are delivered through a single cable, simplifying installation and reducing cable clutter. It's particularly suited for POS systems or information points in retail shops, enhancing customer engagement and providing product education. The monitor also works well in smart home applications. Additionally, it integrates effortlessly with iiSignage<sup>2</sup>, iiyama's Content Management System (CMS), giving you full control over your messages and advertising.

**IYAMA** is a leading provider of high-quality monitors and display solutions, known for their innovative technology and reliable performance.
