this monitor ensures that every frame is delivered instantly, giving you a decisive edge in fast-paced action games.

## Unrivaled Performance and Synchronization:

Equipped with a minimal 0.5 ms response time, motion blur and ghosting are virtually eliminated, resulting in crystal-clear visibility even during rapid movements. Furthermore, the integration of AMD FreeSync Premium technology synchronizes the monitor's refresh rate with your graphics card's output, effectively eradicating screen tearing and stuttering for an ultra-smooth gaming experience across all frame rates.

## Key Features for Competitive Gaming:

- **Screen Size and Panel:** 23.8 inches with a high-quality IPS (In-Plane Switching) panel, offering superior color accuracy and wide viewing angles.
- **Refresh Rate:** Lightning-fast 240 Hz refresh rate for fluid, responsive gameplay.
- **Response Time:** Ultra-low 0.5 ms (milliseconds) ensures instantaneous pixel transitions and reduced motion blur.
- **Resolution:** Full HD (FHD) resolution provides sharp details optimized for high frame rate performance.
- **Synchronization Technology:** AMD FreeSync Premium support guarantees buttery-smooth, tear-free visuals.

**ACER** is a global leader in computing hardware and display technologies, dedicated to providing high-performance solutions for both professionals and gamers.

Order today from ++SHOP++ as we offer the best deals on high-speed gaming monitors and display peripherals.
