MSI GeForce RTX 5060 Ti Ventus 2X OC Plus Graphics Card

Experience the next leap in visual fidelity and speed with the MSI GeForce RTX 5060 Ti 16G Ventus 2X OC Plus. Engineered for demanding gamers and content creators, this card leverages the latest GPU architecture to deliver breathtaking performance in the most intensive 1440p and 4K gaming environments. The factory overclocked (OC Plus) core ensures higher clock speeds right out of the box, giving you a competitive edge.

Unmatched Speed with 16GB GDDR7

The RTX 5060 Ti is equipped with a massive 16384 MB (16GB) of cutting-edge GDDR7 memory. This next-generation memory technology provides significantly increased bandwidth and reduced latency compared to previous standards, ensuring rapid data access for high-resolution textures and complex scene rendering. With 16GB VRAM, this card is perfectly poised for future proofing and handling resource-heavy applications.

Ventus 2X Thermal Design

To keep this powerful GPU running optimally, MSI utilizes the rugged Ventus 2X thermal design. This system employs two highly efficient fans and a carefully optimized heatsink to maximize heat dissipation. The dual-fan setup maintains low temperatures even during prolonged, high-load gaming sessions, ensuring stable performance and longevity while operating quietly.

Key Features for Gaming Excellence:

- Next-generation GeForce RTX 5060 Ti architecture for high frame rates.
- 16 GB GDDR7 ultra-high-speed memory for superior data throughput.
- Factory Overclocked (OC Plus) for enhanced performance immediately.
- MSI Ventus 2X cooling system ensures efficient and quiet thermal management.
- Ideal performance for competitive 1440p gaming and entry-level 4K resolutions.

MSI (Micro-Star International) is a world leader in high-performance computing hardware, renowned for producing top-tier motherboards, gaming laptops, and graphics cards trusted by professional gamers globally.
