Humanize your workspace for work flexibility and efficiency with an advanced ergonomic monitor

A New Angle on Workplace Ergonomics

Effortlessly swivel the display up to +/-60°, tilt up to 40°~-5°, raise the display up to 130mm, or pivot +/-90° for portrait viewing. The VG2448a-2 offers the full range of ergonomic flexibility for every task and workflow.

Smooth Visuals With 100Hz Refresh Rate

With a fast 100Hz screen refresh rate, you can experience a truly fluid visual display. This results in improved viewing clarity, reduced screen stutter during fast-moving action scenes, and benefits work-related tasks, reducing eye strain and increasing productivity.

Connection Flexibility

HDMI, DisplayPort, VGA, and USB 3.2 inputs enable you to connect an array of devices to VG2448a - 2

Seamless Viewing

The narrow three-sided bezel gives the monitor a stylish feel and delivers uninterrupted viewing in multi-monitor setups

Extraordinary Wide-angle Vision

Enjoy vivid colors with consistent brightness and amazing accuracy no matter the vantage point. SuperClear® IPS monitor features ultra-wide 178-degree vertical and horizontal viewing angles that deliver the same image quality with true-color accuracy and consistency from screen to print.

Built-in Speakers

This monitor is integrated with dual 2-watt stereo speakers. When paired with incredible screen performance, the combination provides complete multi-sensory immersion.

Eye ProTech+ for Always-on Eye Protection

Work comfortably over extended periods with ViewSonic Eye ProTech+. Combining Flicker-Free technology with a built-in low blue light screen, this monitor helps maintain fresh-feeling eyes and prevent digital eye fatigue at all times without compromising image quality.

Effortless Installation in 4 Easy Steps

Instant assembly with no expertise required. Simply open the box, connect the base to the quick release stand, snap the stand into place using the slots, and lift the fully assembled display out of the box within minutes.

vDisplay Manager

ViewSonic's proprietary vDisplay Manager software is available for free and allows users to organise and divide their screen into multiple segments. The software also enables users to adjust their monitor settings via the software directly for a more efficient workflow.

Eco-friendly, biodegradable packaging

The VG2448a-2 is shipped in paper-based packaging for easy disposal through recycling. The green thinking is reinforced with hand holes and mono-color printing to avoid any plastics and pollutants.

Certified Environmental Sustainability

The VG2448a-2 has been designed with energy efficiency in mind. With certification from TCO, Energy Star and EPEAT registered, the VG2448a-2 can save on energy costs while reducing greenhouse gases.
