### 10-Point Projected Capacitive Touch

Touch screens with projected capacitive touch can recognize up to 10 points of simultaneous contact, allowing for a highly accurate and ultra-responsive touch experience. With smooth and responsive touch capabilities, this touch display is ideal for home entertainment, office work, education, and commercial use.

### 10-point Multi-touch

### Advanced ergonomic stand design

A stable, integrated bookstand design makes it easy to adjust the angle of this display for a better user experience. The display can tilt or lay completely flat on a tabletop for a more comfortable work environment.

### Ergonomic stand
