environments.

Distinguished by its eco-conscious construction, the ProLite X2492HSU is made from 85% post-consumer recycled (PCR) materials and utilizes plastic-free packaging, meeting rigorous environmental standards including TCO Certification and EPEAT® Silver. This monitor allows you to enhance your productivity while supporting a more sustainable future.

Exceptional Visual Quality and Design

The sleek, modern design features a 4-side slim bezel, minimizing distractions and creating seamless visuals, especially when utilizing multiple monitor setups. The Full HD (1920 x 1080) resolution ensures clear, crisp images, while the fast 3 ms response time ensures smooth movement.

- **IPS Panel Technology:** Provides superior color accuracy and consistent imagery across wide 178° horizontal and vertical viewing angles.
- **4-Side Slim Bezel:** Ideal for multi-monitor workstations, offering a near-borderless visual experience.
- **Full HD Resolution:** Crisp 1920 x 1080 resolution for detailed clarity in documents and media.

Certified Eye Comfort for Extended Use

For users spending extended periods in front of the screen, the ProLite X2492HSU prioritizes health and comfort. It holds both EyeSafe® and Eye Comfort certifications, utilizing technologies designed to reduce harmful blue light emissions without compromising color quality, thus helping to prevent eye strain and fatigue.

Integrated Connectivity and Eco-Friendly Commitment

This monitor includes a built-in USB 3.2 Gen 1 hub, providing convenient access for connecting peripherals directly to the display, helping to keep your desk clutter-free. Integrated speakers and VESA compatibility further enhance flexibility.

- **Integrated USB Hub (3.2 Gen 1):** Simplifies cable management and offers easy connection points for accessories.
- **Built-in Speakers:** Provides quality audio output for video conferencing or multimedia.
