

Tellur Bluetooth Soundbar Kali Black

Modelis: TLL161151

Gamintojas: TELLUR

EAN: 5949120000154

Prekės kodas: 429498

62.99€

Kali is a soundbar designed to be used as an independent audio system. This makes it very convenient as you can simply connect the audio outputs of your TV and Kali will amplify and reproduce the sound without the need for added connection to an external amplifier or home theatre receiver. The EQ function allows you to adjust the volume level of a frequency, or range of frequencies because we know that a good equalization is important to a good mix. Kali soundbar will complement your TV and thanks to its light weight can be mounted on a shelf or table just below the TV. Kali soundbar is slim, unobtrusive, easy to set up and incorporates wireless Bluetooth to access audio content from compatible portable devices (smartphones, tablets, computer etc.), but also through an AUX cable.

Speaker type : 2

BT version : 4,2

Working range : 10 meters
