The Gembird EnerGenie EG-UPS-035 is an external uninterruptible power supply (UPS) designed to provide reliable performance with a power capacity of 2000 VA. This UPS is equipped with a sealed lead acid battery that has a capacity of 9 Ah and features a recharge time of 6 hours, ensuring that the system remains operational during power interruptions. With efficient line interactive technology, it delivers clear sine wave output, providing clean and stable power to connected devices.

Featuring a user-friendly LCD display, the Gembird EG-UPS-035 allows users to easily monitor system status and battery levels. It comes with five output connectors to accommodate various devices, while the remote management interfaces, including USB and RJ-45, allow for easy
