cd/m² brightness, images are sharp and clear.

Seamless Visual Experience with 100Hz Refresh Rate

Enhance your productivity and viewing pleasure with the smooth 100Hz refresh rate and rapid 5ms (Grey-to-Grey) response time. The GW2490T ensures that scrolling web pages, video streaming, and rapid on-screen transitions are noticeably smoother than standard 60Hz displays. With 99% sRGB coverage, expect stunning color reproduction and clarity across 16.7 million colours. This monitor is also VESA Certified MediaSync, guaranteeing jitter-free playback for an optimal multimedia experience supporting all international broadcast video formats.

Leading Eye-Care Technology for Extended Use

BenQ's exclusive Eye-Care Technology is central to the GW2490T design, certified by TUV Rheinland Eyesafe 2.0. This suite of features protects users from strain during prolonged working sessions:

- **Low Blue Light Plus:** Reduces harmful blue light emissions while maintaining necessary color fidelity.
- **Flicker-free Technology:** Eliminates invisible screen flickering that commonly causes eye fatigue.
- **Bright Intelligence (B.I. Gen2):** Automatically adjusts display brightness and color temperature based on both ambient room light and on-screen content, optimizing visual comfort in any environment.

Designed for Ergonomics and Flexibility

Achieve your ideal viewing position easily, minimizing neck and shoulder strain. The highly flexible ergonomic stand allows for comprehensive physical adjustments:

- **Height Adjustment:** Customize the screen level for comfortable viewing.
- **Pivot (Rotation):** Easily switch to portrait orientation for efficient coding or document review.
- **Swivel and Tilt:** Perfect for collaborating or finding the exact desired viewing angle.

Connectivity is streamlined with multiple input ports, including two HDMI inputs and a DisplayPort, allowing you to switch between different connected devices effortlessly with just one click. The monitor also features built-in 2x2W stereo speakers.

Specialized Work Modes and Sustainability

The GW2490T includes several tailored color modes to optimize readability for specific tasks. Utilize Coding Mode for improved text contrast for programming, or ePaper Mode which provides better contrast and paper-like display characteristics for heavy text reading. Furthermore, the GW2490T meets stringent environmental standards, including TCO Certified Displays 9, ENERGY STAR, and EPEAT Bronze, showcasing BenQ's commitment to high performance and environmental responsibility.

BENQ is a globally recognized provider of human-centric technology and display solutions, known for prioritizing visual enjoyment and user well-being across professional and home environments.

Order today from ++SHOP++ and experience the perfect blend of performance and visual comfort.

One Click to Switch Between Devices

Stay effortlessly connected to your daily devices with multiple ports and make switching between activities easy with only one click. Streamlining your journey from every input source for your preferred setup has never be easier.

Adjust for Better Efficiency

The monitor features tilt, pivot, swivel, and height adjustment allowing you to customize your setup to work comfortably and productively throughout the day.

Monitor Accessory

To further customize your desk setup, the GC01 monitor accessory base cover organizes and decorates your setup.

Seamless Viewing: 100Hz Smooth Motion

The 100Hz refresh rate gives you a smoother and more comfortable viewing experience for webpage reading, video streaming, etc.

VESA Certified MediaSync

VESA Certified MediaSync guarantees jitter-free playback, supporting all international broadcast video formats for an optimal multimedia experience.

Color Modes for Multitasking

With Coding Mode and ePaper Mode, you have even more options for different work scenarios enabling effortless readability and eye comfort.

Lasting Well-Being for Your Eyes

BenQ Eye-Care technologies safeguard your eye health with multiple features, ensuring that you see every image with clarity and comfort.

The BenQ GW2490T LED-backlit LCD monitor is a testament to visual precision and ergonomic design, tailored for both professional and leisure use. Its 24-inch Full HD display, with a 99% sRGB color gamut, ensures accurate color reproduction and stunning clarity. The monitor's ergonomic features, including height, pivot, and swivel adjustments, along with an anti-glare screen, offer a comfortable viewing experience during prolonged use.

Incorporating BenQ's exclusive Eye-Care Technology, the GW2490T is designed to protect users' eyes from strain and fatigue through Low Blue Light Plus and Flicker-free technology. Bright Intelligence (B.I. Gen2) further enhances viewer comfort by automatically adjusting brightness based on content and ambient light. With additional features like Cinema Mode, ePaper mode, and game mode, this monitor is optimized for a wide range of activities, from professional tasks to entertainment.

Eco-conscious and energy-efficient, the GW2490T meets ENERGY STAR and EPEAT Bronze standards, making it an ideal choice for users looking to combine performance with environmental responsibility.
